

Geometric Fabric Displays

Model#: CPD300 Series

Geometric Fabric Display, CPD300 series, offers many of the features the exhibitors look for in a high-quality display including versatility, 3d capabilities, lightweight, easy setup and easy to customize and exchange graphics. The same display can be used for many applications in many venues: trade shows, media presentations, retail showrooms etc. Fabrics are attached to the frame by using eyelets or buttonholes at corners. Comes with two (2) halogen lights and a rigid carrying case with wheels. We offer complete packages including printing and finishing or we can just supply hardware only. Indoor use only.

Product Features:

- Made out of aluminum
- Available: 87"x87" & 115.5"x87"
- Dye sub printed stretchy fabric
- Can design square, diamond & rectangular shape fabric
- Lightweight yet stable
