Elevate your displays to new heights and let your message shine bright. Get ready to turn heads and achieve advertising success like never before. The poster stand features a front-opening snap frame design, allowing for easy poster replacement without needing tools, providing convenience, and saving time.

This free-standing poster stand is made of steel and the snap poster frame is made of aluminum. The snap frame on top will fit an 8.5" x 11" paper insert or similar media and a clear overlay is included. Black powder-coated. Perfect for displaying various printed inserts, such as menus, signs, and posters. The stand is height adjustable from 59" to 65". 14" diameter round steel base supports the whole station firm and sturdy. It's portable and can be moved and set up just about anywhere.
