- Aluminum clamp top bar
- Aluminum cartridge
- Padded carrying bag
- 1-year manufacturer warranty
- Black color is also available in 33"

The standard roll up stands come in several widths and this quality stand is a heavy-duty banner stand that provides a fast and easy setup. It comes with a padded carrying bag. Although many roll up stands may look similar, they pale in comparison to our roll up's quality. Unlike other roll up stands, our standard roll up stands come with an aluminum cartridge for durability. While the standard height is 77", we can custom make the pole at any height up to 86". Ideal for door signs, university signs, community displays, entrance signages, trade show displays, and more. The matte black color is also available in 33". Optional hard cases are also available. Recommended for indoor use only.
