Double sided roll up banner stands are one of the most popular ways of getting the message across to audiences. These banner stands are eye-catching, inexpensive, easy to use, and can be assembled in less than a minute. Simply unlock the bottom case, slide up the banner and hook it onto its support pole. Double sided roll up banner stands feature a popular compact shape with a swing-out foot for stability. It comes with a 3-section pole, a clamp top bar (not adhesive), and a padded carrying bag. It is made with heavy duty gauge aluminum and is backed with a 1-year manufacturer warranty. While the standard height is 77", we can custom make the pole at any height up to 86". Indoor
