The table top roll up banner stand is the ideal solution for displaying on a small scale. Ideal for all types of promotions, sales events, wedding fairs, craft fairs, hotel receptions, and retail shops to promote new products or services. It is retractable, allowing for quick setup and take down while providing excellent protection when not in use. They are mini versions of roll up banner stands that can stand on the floor but are designed at an appropriate height for tabletop use. The tabletop version offers a stylish and transportation display solution. Excellent for making the most of the limited space available on most tables and countertops. Recommended for indoor use only.
