The bamboo X-banner stand is a versatile display unit engineered to combine high functionality and low environmental impact. The stylish design features a sturdy bamboo X-banner stand that supports graphics via a simple tension system. The bamboo X-banner stand allows your customers to quickly and easily set up their graphics. Simply unfold the bamboo X-banner stand and attach a graphic with grommets at the corners. Allows for an upscale wood look for a lower cost. Simple and quick graphic changes also make it ideal for use in exhibit and retail environments. Made from natural bamboo, this free-standing banner display is extremely lightweight and versatile. Recommended for indoor use only.
