Product Features:

- Aluminum frames
- MDF wood counters
- Collapsible
- Interchangeable graphics
- 100% polyester fire retardant fabric
- Full color dye sublimation printing
- Comes with a carrying bag
- 5-year manufacturer warranty

The tension fabric table is a lightweight and quick to assemble table with fabric that stretches around the table resulting in a smooth and wrinkly free surface. It is ideal for exhibitions or trade shows, especially when paired with our tension fabric display systems. The table frame is made of aluminum pole supports and comes with an MDF wooden top and base to give the table a sleek and sophisticated look. The countertop can support up to 40 lbs evenly distributed. Our fabric is 100% polyester fire retardant (CAN/ULC-S109) and printed using a full color dye sublimation process, allowing a spectrum of vibrant colors and photographic potential on your display. Our tension fabric table comes in oval, triangle, and rectangular shapes.
