This is the next step upward from our premium roll up banner stand. The sleek styling makes a quality impression. Supplied with a telescopic pole and a well-designed padded carrying bag. The telescopic pole allows you to adjust the banner stand height anywhere between 62" and 87", giving maximum versatility. Retractable banners are another banner style that is very useful for advertising when you have limited space to work with or don't have anywhere to hang or display your advertising. Retractable banners are great for pop-up advertising on the go and come standard with a carrying case to easily transport and store your banner investment. Recommended for indoor use only.
