- Available in silver color only

The stylish poster stand features a weighted base for safety and stability in all conditions. A single sided snap-open aluminum poster frame is mounted on top of the stand. This poster stand works well for lobbies and event entrances. Perfect for high traffic areas where high impact visual marketing is required. The unique feature that makes these stands so versatile is their ability to slide the height of the poster frame up and down, making them suitable for a variety of locations. These signs are extremely easy to assemble and can be relocated quickly and easily. There are 2 sizes of poster frames available: 11" x 17" and 22" x 28".
